THE SPRINGS
RESORT & GOLF CLUB

“The greens were probably the best I have seen this year, running true. The Springs should be considered a must play.”

OUR COURSE

The Springs Resort & Golf Club, is laid over 133 acres of beautiful parkland, that runs alongside the River Thames.

Offering a variety of terrain, it presents all levels of golfers with a real challenge. Our par 72 golf course was originally designed by former Ryder Cup captain Brian Huggett, and first opened in 1998.

The course was purchased by Darwin Escapes in 2017 and the following year began a significant investment plan, starting with the golf course. Leading course architect Tim Lobb was called in and he worked in consultation with Huggett, primarily on the bunkers and lakes, improving their placement, appearance, and aesthetic appeal.

Tim Lobb said: “With a little bit of careful work to bring the course up to the level of its surroundings, it will be a very successful golf resort.”

The signature hole is the 8th. A par 3 over water, which is more often than not, has varying wind conditions to consider. Anything from a mid-iron to a wood can be used here, as you play towards a green that is not only surrounded by water, but also has bunkers covering golf any bail out. A superb challenge for all.

WHY JOIN?

We are incredibly proud of our golf course, and how much it has improved over the last two years. More than £1.4m has been invested to improve the course to date, and we are thrilled to now be a GEO Certified course, a highly regarded sustainability distinction awarded to only 2% of golf courses in the UK.

We are currently making further improvements across the facility, which forms part of our £20 million long-term investment in The Springs, transforming every aspect of your golf experience. This includes improving our existing clubhouse, which will see the addition of two brand new state of the art swing studios, and putting lab, a new car park, new greenkeepers facility as well as improvements to the current practice ground, which will see an increased levelled teeing area as well as specific targets on the outfield. This will make it a truly enjoyable place to practice your golf.

Finally, we will be adding luxury lodge accommodation, hotel accommodation along with a brand new reception and spa. When complete later this year, The Springs Resort & Golf Club will be one of the very best state-of-the-art golf facilities in Oxfordshire.

Our club membership is thriving across all categories and all age groups. With a busy calendar of social, fun and competition events, we will always try to help you find a way to make membership work for you.

Our aim is simple; to help make golf inclusive and to encourage more people to enjoy our wonderful sport.
