WHY BE A MEMBER?

We are incredibly proud of our golf course, and how much it has improved over the last three years. More than £1.4m has been invested to improve the course to date, and we are thrilled to now be a GEO Certified course, a highly regarded sustainability distinction awarded to only 2% of golf courses in the UK.

In 2021, we made further improvements across the facility, which forms part of our £20 million long-term investment in The Springs, transforming every aspect of your golf experience. This included improving our existing clubhouse with a new restaurant and spike bar, the addition of two brand new state of the art GC Quad swing studios, a putting lab, a new car park, new greenkeepers facility as well as improvements to the current practice ground. This makes it a truly enjoyable place to enjoy your golf.

Finally, we added the first of our luxury lodge accommodation, luxury hotel accommodation along with a brand new reception and spa. We believe The Springs Resort & Golf Club is now one of the very best state-of-the-art golf facilities in the region.

Our club membership is thriving across all categories and all age groups. With a busy calendar of social, fun and competition events, we will always try to help you find a way to make membership work for you.
